REF: DEMAND LETTER FOR PRODUCTION OF EVIDENCE

Dear Sir:

As you know, there shall be a hearing on December 17, 2008 in the Kern County Superior Court, in Bakersfield, California at 8:30 am in Department 4, before the Honorable Judge Sidney P. Chapin.

At that hearing you will be attempting to classify me as a "Vexatious Litigant", under the California Vexatious Litigant law, by alleging that the eight (8) restraining orders your client (Adventist Health System - West) filed against me (Placer County Superior Court (9/11/2006)), which I removed to the Federal Court in Sacramento, supports your theory that I am "vexatious".

Employees of your client (Carol Pope, claims adjuster, and Charles Persons, workers compensation chief) have claimed that I have sent "death threats to their homes". Both of these employees testified in the Kern County Superior Court trial of my associated case, under the federal racketeering mail and wire fraud lawsuit, that I had mailed "death threats" to their homes. I want to see these "death threats". Both employees explained to the jury in September 2008 that I had mailed "death threats" to their homes, and that this was the reason your client obtained the eight (8) work place violence restraining orders against me in Placer County on 9/11/2006.

Produce the evidence that "death threats" were mailed to the homes of these employees by me at the hearing on December 17, 2008, or in the alternative, be prepared to have me file a formal request for a grand jury investigation of the testimony given by these employees in the KCSC courthouse on September 21, 2008.

I believe that you have personal knowledge that these employees provided false testimony in the September 2008 proceeding. I suggest you discuss the possible issue of soliciting perjury with a criminal defense attorney to protect yourself. Please bring the "death threat" evidence with you on 12/17/2008.

Sincerely

Barbara Clark
